

# Padi's Classic Banner

\$5,000

2009 Purebred Irish Draught Filly  
Registered and Eligible for Inspection

Banner is available at this incredibly discounted price only because I need to simplify my life, which means fewer horses. The only priority is a good home where she will not be sold on.

Banner was sired by the well known dressage stallion Silver Granite. Silver Granite sired many excellent horses in Ireland, and during a few years he spent in the Southwestern United States.

15 hours old

Banner was born black

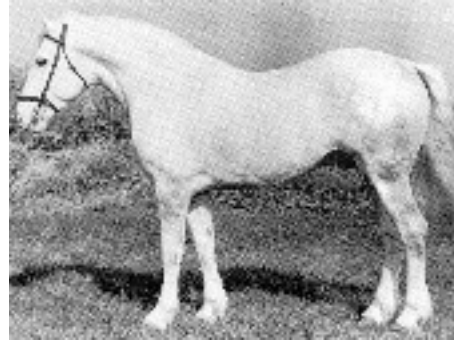

Weanling

18 months old

2 ½ years old

He is now deceased and many of his offspring are aging. This is a great opportunity to introduce his bloodlines to a new generation of breeding.

Banner's dam is Loguestown Classic. This wonderful broodmare was imported from the northern coast of Northern Ireland as a yearling. She passed her 2000 inspection with some of the highest scores to date.

Her other purebred foals include one approved stallion and three approved mares and a stallion prospect.

The choice is yours! - Banner would be great for dressage, jumping, hunting, eventing, breeding or all of the above. You can't go wrong with a filly like this.
